

AFR-4

Features

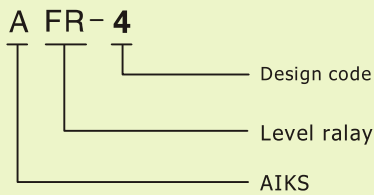

- By level of professional integrated chips and control circuits
- Good looks, small size, easy to wire
- Job stability, strong anti-interference
- Power consumption, large contact
- Voltage range
- Dimensions: 68×84×127(mm)

▶ 技术参数

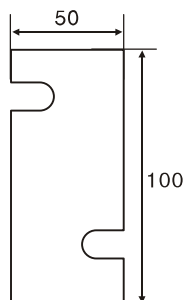

Power Supply	AC:24V、220V、380V
Mode	Water supply, drainage type
Water control from	≤50 M
Contact form	1A 1B
Contact capacity	5A、AC2000V(Resistive)
Installation	Device Type

▶ MODEL DESCRIPTION
